

Amphithéâtre actuel

The diagram consists of three main hand-drawn elements. At the top, a semi-circular structure is drawn with thick red lines, representing the 'Amphithéâtre actuel'. Below this, a horizontal band of purple lines represents a level of ground or a specific architectural feature. Within this purple band, several green circles are scattered, representing 'Escaliers et arbres prévus par Mangin'. At the bottom, a blue hatched area represents the 'Eglise St Eustache'.
